LEATHER PROTECTOR

INVISIBLE BREATHABLE NANO BARRIER COATING

- Protects and maintains new and detailed leather trim.
- Innovative formula delivers a hard-wearing, invisible, breathable coating which repels dirt and staining from spillages e.g. drinks, Cola, food, chocolate, ice-cream etc.
- Contains UV screening technology to protect leather and prevent colour fading & drying-out of leather seats and trim.

Directions for Use:

Always test first on an inconspicuous area to ensure leather is colourfast and water resistant.

For soiled leather first treat with XPERT-60 Leather Cleaner and allow to fully dry.

Shake container before use.

Apply a small amount of Leather Protector to a clean polishing sponge.

Gently wipe over leather surface ensuring even coverage.

Do not buff, allow to dry naturally for approximately 15 minutes.

After 15 minutes wipe over with clean, soft cloth.

Caution:

Leather Cleaner is not suitable for use on suede, alacantara or similar finishes.

Do not apply to hot leather surfaces – allow to cool first.

Code: XP-90009

Pack Size: 500ml
