

Product Data Sheet

Xpert-60 Scratch Remover

500ml/16.9fl.oz
Code: XP-90011

SINCE
1987

Multi-purpose compound/universal renovator for all paint finishes.

- Removes scratches, defects, carwash marks, oxidation and restores faded colour.
- Combine with Lambswool Pads for compounding of deeper scratches and stubborn defects.

Directions for Use:

[Machine] For Best Results:

Use Machine Speed: 1200 - 2000 (free running) speed with:

Standard Lambswool for extra cut.

Orange foam for P2000

White foam for Swirl & Hologram removal.

1. Apply polish to paint surface and spread to a thin even layer, using the polishing pad.
2. When using a standard polishing machine, polish up the paint surface, reducing the pressure as the film starts to clear.
3. Continue to float the surface with un-pressured pad and when clear finally remove any trace residues using XPERT-60 microfibre Cloth. Repeat process as required.

For final finishing of darker colours follow with XPERT-60 Hologram Remover
